## TRUSTEES' REPORT

---

To the Citizens of the Town of Peabody:

The Board of Trustees of the Peabody Institute submits herewith the sixty-fourth annual report of its doings for the year 1915.

The several reports of the Treasurer, Mr. John J. Gallagher, and of the various committees and sub-committees are herein incorporated and made part and parcel hereof, and invite the critical attention and scrutiny of our citizens.

The funds of the Institute have been carefully conserved and invested in safe and well selected securities, and the income therefrom is prudently expended in the management of the Institute property, in the purchase of books under the supervision of the several Library Committees and in the general administrative work of the Institute, as will more particularly appear in the accompanying reports.

The Trustees are not without a due sense of the responsibility resting upon them in the management and conservation of the funds of the Institute, and it is believed that the trust is being administered in the true spirit of the beneficent founder's intention, and with a view to its perpetuity.

Respectfully submitted on behalf of the Board,

ARTHUR W. SIM,  
President.

Peabody, February 1, 1916.

## TREASURER'S REPORT

---

To the Trustees of the Peabody Institute:

Gentlemen:—Attached you will find report for 11 months ending December 31, 1915. This change in the closing date of fiscal year, from January 31 to December 31, was made to conform to the Statutes governing the fiscal year of towns.

Our securities are in good condition and paying interest excepting the following:

\$5,000.00, 28th and 29th Street Cross-Town, New York, 5's. This road has been in receivers' hands for several years and has not paid interest since April, 1908. We have deposited these bonds with a Bond Holders' Committee who is working out a plan of adjustment, and protecting the interests of the bond holders. It is doubtful if we ever get a reasonable return on these bonds.

\$1,000.00, Chicago & West Michigan R. R. 5's. This road has not paid interest since June, 1914. We deposited this bond with a Bond Holders' Protective Committee. A decree was entered last summer authorizing the sale of the property, subject to liens of the underlying bonds, and plans for re-organizing are being worked out. This is one of the underlying bonds of the Pere Marquette System.

\$1,000.00, Cincinnati, Hamilton & Dayton 5's. This road defaulted interest June 1, 1915. At present a plan of re-organization is being worked out, and it is probable that the mileage covered by these bonds will be taken over by the Baltimore & Ohio R. R. which would place the same in a very favorable position.

During the year we had the following securities mature; 6M N. E. Tel. & Tel. Co. Deb. 5's; 2M American Cotton Oil 4½'s; and purchased the following: 4M Chicago, Milwaukee & St. Paul Conv. 5's, 2M West End R. R. 5's, 2M City of San Diego, Cal., Water 4½'s.

We also purchased the following with surplus funds:

For General Fund

1 M United Kingdom Great Britain, Ireland and French Republic Ext. 5's.

For Reserve Fund

1 M United Kingdom Great Britain, Ireland and French Republic Ext. 5's.

For Sutton Building

1 M City of Ottawa 5's.

We sold 2 M Du Pont De Nemours Powder 4½'s at 101½ which we bought at 86¼, and purchased with proceeds 2 M City of Ottawa 5's.

It will be observed that the General Fund Cash Account apparently shows a deficit of \$523.27. This is due to the change in closing date of fiscal year. Heretofore January receipts (which are the largest of the year) have been included in our reports. Considering this, and the fact that we have purchased a bond\* (with surplus) for this account during the year, places the account in a stronger position than formerly.

An additional transfer of \$100.00 was made from the Reserve Fund to pay for the services of the Assistant Librarian during the early part of the year.

JOHN J. GALLAGHER,

Treasurer.

Peabody, Mass., Jan. 15, 1916.

I have examined the foregoing accounts of the Treasurer of the Trustees of the Peabody Institute in Peabody, Mass., together with the securities named therein, and find the same to be correct.

JOHN J. COSTELLO, Jr.,  
Town Auditor.

## REPORTS OF COMMITTEES

---

### Lyceum and Library Committee

To the Trustees of the Peabody Institute:

Gentlemen:—I transmit herewith the reports of the Librarians and of the Sub-Committees of the Lyceum and Library Committee. They present in full the work of the Institute for the 11 months ending Dec. 31, 1915.

Respectfully submitted,

J. W. HUDSON,

Chairman, Lyceum and Library Committee.

### Report of the Library Committee

To the Lyceum and Library Committee:

After seventeen years of service as Librarian, the writer of this report felt compelled to decline a re-election at the last annual meeting, on account of his impaired eyesight.

To one who loves the work there can be no pleasanter occupation than the care and management of a library, with its constant opportunities for service to all classes, rich and poor, educated and uneducated alike, and the writer keenly regrets that necessity compelled him to relinquish a position which has brought him into most cordial relations with such a large proportion of our community.

It is safe to say that a librarian's usefulness should increase "as the square of his length of service," that is, he ought to be four times as good at the end of two years as he was when he began, and so on in the same ratio, for familiarity with the resources of his collection can be gained only by constant use over a lengthened period of time, and no matter how complete his catalog, the librarian himself will constantly be appealed to as the court of last resort, especially where as in our own case the library staff numbers no skilled assistants.

The new Librarian has endeavored, most commendably, to extend our work among the Greek people, and has spoken to them at the evening schools and has printed in the Greek language and distributed a circular calling attention to what the Library can do for them, as mentioned in his report.

No changes have been made in the policy of the Library, indeed the funds at the command of the Committee make it difficult to barely keep abreast of the times in the purchase of current literature. In this connection the steady increase in the cost of books is a serious matter to us, amounting as

it does to twenty per cent. in the case of Fiction and almost as much in a good deal of the Non-Fiction, over prices prevailing only a few years ago.

But in spite of this handicap, it is felt that the Committee has succeeded in securing a goodly proportion of the really "worth while" books of the year.

Respectfully submitted as the report of the Library Committee,

LYMAN P. OSBORN,  
Chairman.

---

### Report of the Reading Room Committee

To the Lyceum and Library Committee:

There is little to be said this year that has not been said in previous years as to the Reading Room.

The disadvantage of having adults and children in the same room has been so often discussed that it is well known, and the new Librarian, Mr. Keefe, is doing his best to see that good order and quiet prevail there for the benefit of the older readers.

The attendance has been about the same as during the past few years.

A weekly Greek newspaper has been subscribed for, in connection with our work for the Greek people, and will be continued if its use warrants.

Respectfully submitted,

LYMAN P. OSBORN,  
Chairman.

### Report of the Lyceum Committee

To the Library and Lyceum Committee:

For the season of 1915-1916 four lectures have been contracted for, three of which have been given at date of this report, the fourth lecture to be given March 24, 1916, there being no earlier open date, although the lecture was booked for October 16, 1915.

The Committee also contemplates having a spelling contest between the grades 7, 8 and 9 and the High School. The date of this contest has not as yet been decided upon, as final arrangements are not yet fully completed; perhaps early in April with its milder weather that will not be a menace to health of children participating or parents attending will be selected for a date.

The first lecture of the season, "Submarines," by Lieut. A. N. Miles, U. S. Navy, was an interesting, educational and timely subject, well delivered and finely illustrated. It was largely attended and greatly enjoyed by those present.

The second lecture, "India and Its People" (illustrated), by Camil Saldanha, was well attended and enjoyed.

The third lecture, "A Merry Ramble Around Ireland" (illustrated), by Seumas MacManus, and although the night was the worst wind and rain storm of the year, a reasonably large audience greeted the lecturer, who did not come up to the expectations of the Committee, as the Committee is compelled to rely almost wholly on the specially prepared circulars gotten up either by the lecturers themselves or their agents, the booking houses, setting forth in the most glowing way the ability of the lecturer and the merits of the lecture itself, but giving no guarantee of either, it will easily be observed that it is no easy task to secure good lectures, and it is only when the lecture is completed that they can judge whether or not the lecture was worth the money paid.

On account of the many nationalities making up the population of our town, the Committee decided to have the four lectures represent four different nationalities and thus show true American liberality to all our people that they might understand the true spirit of our noble constitution that all men are born free and equal. And that they may hear men of their nationality and have them tell them their duties as American citizens and the advantages of the same, the fourth lecture will be given March 24, 1916, by Morris Hindus, a Russian, subject, "Russia, Past and Present," and the advantages of being American citizens. This lecture will not be illustrated, but we are assured of a powerful lecture terminating with a beautiful and patriotic tribute to our generous country.

The Committee has done its best under the conditions existing in the lecture field. The Committee secured an extra appropriation of \$12 to meet the course as laid out.

Respectfully submitted for the Committee,

GEORGE A. CLIFFORD,  
Chairman.

## LIBRARIAN'S REPORT

---

To the Lyceum and Library Committee:

I respectfully submit the report of the Librarian for the period ending December 31, 1915. The statistical tables which are appended hereto cover a period of only eleven months. The change has been made to conform to the fiscal year of the town, following the course pursued by the Board of Trustees in their financial statement.

I am pleased to report an increase in circulation for this period as compared with the corresponding months of the year preceding.

The special work among the foreign population of the town has been pursued along well-defined lines, and has been fruitful of an increased demand for books in the Greek language especially. During the year pamphlets explaining the opportunities afforded by the Library have been distributed in the foreign colony and also in the foreign newspaper with a local circulation. Visits have been made to the evening school and the advantages of the Library have been explained to the pupils. The results of this work have been very encouraging and warrant the purchase of additional books in Greek language. The outlook for successful work along these lines among some other classes of the foreign population, especially the Turks, is not very promising, as a large percentage of their population is illiterate.

A closer co-operation between the school teachers and the Library would result in a larger participation in the benefits of the Library by the children of the town. In many communities teachers apply to the public library for a list of books to be used in the school rooms and for the distribution among the pupils without renewal. This plan

places extra work on the teachers, but has the merit of encouraging children to read good books. As the finances of the Library do not warrant the establishment of branch libraries, it would seem that this scheme might be tried to advantage in outlying sections of the town, particularly in West and South Peabody. This would undoubtedly be appreciated by the younger children who reside in those sections and who are not within walking distance of the Library. Furthermore, school children in the upper grades could be brought to the Library in class groups by their teachers, instructed in the use of the Library and urged to take cards and to take out books.

The Library, in turn, can co-operate by buying books to meet the demands of the school children for collateral reading. There are many valuable reference books in the Library and additions can be made from time to time as the demands from the schools increase.

The establishment of a Children's Room would result in a more intimate relation with the school children of the town, and would be mutually beneficial.

Membership in the Library Art Club has been continued and the following exhibitions have been given:

1915	Feb. 9-Mar. 1	European artists.
	Mar. 9-29	Wales.
	Apr. 6-26	Renaissance Doorways.
	May 4-24	Buckingham Palace, III.
	June 1-21	Fenway Court.
	July 13-Aug 2	Forestry.
	Aug. 30-30	Panama Canal.
	Sept. 7-27	Dante.
	Sept. 28-Oct. 18	Furniture
	Oct. 19-Nov. 8	Great War, I.
	Nov. 9-29	Marchen-Brunnen.
	Dec. 7-24	Village Homes of England.

The Library staff have been faithful and efficient. Mr. McKeen has been ever alert and active to further the interests of the Library.

I wish to acknowledge my hearty appreciation of the valuable suggestions and assistance I have received from my predecessor, Mr. Osborn. His intimate knowledge of the Library, coupled with a disposition to be helpful and co-operative, has been of inestimable value.

Respectfully,

JOHN E. KEEFE,

Librarian.

**REPORT OF THE EBEN DALE SUTTON LIBRARY FOR  
THE YEAR ENDING DECEMBER 31, 1915**

To the Lyceum and Library Committee:

The amount expended for new books this year is somewhat less than the average expenditure of recent years. This is due to the fact that fewer works of interest to a reference library were available.

The opportunity to buy books is ever present with library committees but the selection of what is of value is the factor that must control the purchase.

Our Library is now well provided with rare and valuable sets of books, of the best selections that a discriminating public could desire, and the Committee is always ready to purchase any books of merit for which there is a demand. But the necessity does not exist for purchasing, where usefulness could only be measured, by the filling of shelves.

The cost of binding, which entails an annual expense, is larger than usual this year, more than forty volumes having been rebound. This work will be continued until such books as need rebinding are put in good condition.

An encouraging feature of the year's work is the increase in the number of patrons. This increase, which has been gaining steadily for some years, makes a new high record this year.

Additions made during the year include "Colonial Families of the United States," "History of Architecture,"

"The Vatican, Its History and Treasures," "Dr. Holmes' Boston," and Records and Files of the Quarterly Court of Essex County.

The Librarian has performed her duties in a most satisfactory and efficient manner, and the patrons of the Library have received uniform courtesy and attention.

Mr. McKeen's services were rendered with his usual fidelity.

For the Committee,

P. H. O'CONOR,

Chairman.
